

STOVE SYSTEMS

© KENNAN HARVEY

© VERTIZON PHOTO

Committed users everywhere are realizing that in the conditions when they rely on their stoves the most, only the Reactor stove system can pull through.

All-Condition Performance

From trailhead to summit, our patent-pending design shields the burner from the effects of wind that cause other stoves to slow or fail altogether. Combined with precision pressure regulation for superior high-altitude and cold weather performance, only the Reactor system delivers in the field, what it promises on the box.

Fastest Boil Times - Everywhere

In the lab, the Reactor boils a liter of water 20% faster than its nearest competitor. In an 8 MPH breeze, it's twice as fast.

Unmatched Efficiency

Windproof performance and advanced cookware deliver incredibly efficient heat transfer. Together they make the most of every ounce of fuel, so you carry less.

BLOWING THE COMPETITION AWAY

0 MPH 	REACTOR  1:30 MINS COMPETITION 2:00 MINS
8 MPH 13 KPH 	REACTOR  1:45 MINS COMPETITION 3:30 MINS
12 MPH 19 KPH 	REACTOR  1:45 MINS COMPETITION DOES NOT BOIL 

Out in the field, with the realities of wind and cold in play, nothing even comes close to the consistent performance of the Reactor Stove System.

** Based on ½ Liter Boils.*

REACTOR® STOVE SYSTEMS

Complete Reactor® Stove Systems are now available in three sizes, allowing every customer to start with a system that fits their immediate needs. We're introducing a new, solo one-liter system, in addition to 1.7-liter and 2.5-liter options, and all cookware is available separately for maximum versatility.

NEW Reactor® 1.0L Stove System

Our smallest system is ideal for soloists, or two people looking for Reactor performance in the lightest and smallest possible configuration.

SKU# 06898	AVAILABLE IN NORTH AMERICA & PAC RIM ONLY
SKU# 06899	AVAILABLE IN EUROPE ONLY
SKU# 06900	REACTOR 1.0L POT
POT MADE IN THAILAND. STOVE ASSEMBLED IN SEATTLE, USA.	

Reactor® 1.7L Stove System

The original Reactor System, perfect for 2-3 people, is big enough for melting snow, yet small enough to go on any journey.

SKU# 11205	AVAILABLE IN NORTH AMERICA & PAC RIM ONLY
SKU# 06640	AVAILABLE IN EUROPE ONLY
SKU# 06901	REACTOR 1.7L POT
POT MADE IN THAILAND. STOVE ASSEMBLED IN SEATTLE, USA.	

NEW Reactor® 2.5L Stove System

Our largest-capacity Reactor System excels with groups of 2-4 people. The wider pot makes it a snow-melting, expedition powerhouse.

SKU# 06902	AVAILABLE IN NORTH AMERICA & PAC RIM ONLY
SKU# 06903	AVAILABLE IN EUROPE ONLY
SKU# 02166	REACTOR 2.5L POT
POT MADE IN THAILAND. STOVE ASSEMBLED IN SEATTLE, USA.	

Reactor Coffee Press Kits NEW

Sure the Reactor System is awesome when the chips are down, but it's equally impressive when you just need a quick caffeine fix. We use an etched, stainless steel strainer disc for maximum durability, easy cleaning and a grind-free cup of coffee. Each kit breaks down flat for low-profile packing.

SKU# 06905	1.0 L
SKU# 06906	1.7 L
MADE IN TAIWAN	

Reactor Hanging Kit NEW

This is the ultimate hanging kit for the Reactor system. A narrow base and sliding tensioner ensure maximum stability, easy, one-handed access to cookware and compatibility with all Reactor systems. Carry pouch included.

STOVES

MSR® STOVES: A LEGACY OF PERFORMANCE WHERE IT COUNTS

MSR came onto the scene with the world's first remote-burner liquid fuel stove in 1973. The release of the legendary Model 9 stove—the first liquid fuel stove with a remote burner—marked a leap in stove technology that would transform how people travel in the mountains forever.

Today, we're still at the forefront of stove innovation and quality. We've remained relevant by introducing technologies that solve real problems and delivering the finest stoves made, with the vast majority of our stove manufacturing done downstairs from where we engineer them, in Seattle, WA. Most importantly however, we've remained there by consistently delivering what people have come to expect from MSR: uncompromised performance where it counts—in the field.

MSR® RAPID COOKING

The ultimate solutions for traveling fast and cooking fast on high adventure journeys.

MicroRocket™

The MicroRocket carries small but burns big. More compact than the original PocketRocket stove, it fits easily inside an MSR® Insulated Mug, and sheds 12 g (.4 oz.) of weight. We've also boosted the stability of the pot supports, while maintaining a robust, wind-resistant flame with WindClip™ protection. Includes a hand-held Piezo igniter.

ULTRALIGHT Weighs just 73 g (2.6 oz.)

COMPACT Our smallest stove; double-folding pot supports allow it to fit into MSR® Insulated Mugs.

FAST Boils one liter of water in just 3.5 minutes.

WIND-RESISTANT Focused burner head and WindClip protection boost reliability in breezy conditions.

PIEZO IGNITION Included hand-held igniter features protected element in fuel-gathering tube for reliable ignition.

SKU# 06628

AVAILABLE IN NORTH AMERICA & PAC RIM ONLY

SKU# 06629

AVAILABLE IN EUROPE ONLY

MADE IN KOREA

XGK™ EX

The most reliable multi-fuel powerhouse ever built.

MULTI-FUEL Burns white gas, kerosene, diesel, jet fuel, aviation gas and unleaded auto gas.

UNMATCHED RELIABILITY Shaker Jet™ technology and unique fuel delivery ensure the cleanest burn possible with minimal maintenance regardless of fuel.

RUGGED BUILD Engineered for exceptional stability and lasting durability.

FAST A snow-melting and water-boiling powerhouse, boiling water in as little as 2.8 minutes.

SKU# 11043

AVAILABLE IN NORTH AMERICA & PAC RIM ONLY

SKU# 06639

AVAILABLE IN EUROPE ONLY

MADE IN SEATTLE, USA

PocketRocket™

Ultralight performance at a great value; the world's most popular canister stove.

LIGHTWEIGHT Minimum weight is only 85 g (3 oz.).

COMPACT Fits into 10x5x5 cm carry case (4x2x2 in.)

FAST Boils one liter of water in just 3.5 minutes.

WIND-RESISTANT WindClip™ protection offers better consistency and efficiency in breezy conditions.

SKU# 11792

AVAILABLE IN NORTH AMERICA & PAC RIM ONLY

SKU# 06839

AVAILABLE IN EUROPE ONLY

MADE IN KOREA

MSR® SIMPLE COOKING

Versatile, all-around performance; the mainstay of most backcountry travelers.

WhisperLite™ Universal

The Whisperlite Universal stove is the most effective hybrid-fuel stove ever made. It goes from canister fuel to a range of liquid fuels without compromising performance, thanks to patent-pending AirControl™ technology that maximizes the fuel and air mixture with each fuel type.

HYBRID FUEL Burns canister fuel, white gas, kerosene and unleaded gasoline.

CANISTER LIQUID FEED Inverting canister allows stove to run on liquid fuel for increased cold-weather and low-fuel performance.

GROUNDBREAKING PERFORMANCE Patent-pending AirControl™ technology creates the world's first stove to deliver optimal performance with canister and liquid fuels.

LIGHT AND STURDY Lightweight stainless steel legs offer excellent stability.

EASY MAINTENANCE Extremely easy to swap jets and perform periodic maintenance.

SKU# 06630	AVAILABLE IN NORTH AMERICA & PAC RIM ONLY
SKU# 06631	AVAILABLE IN EUROPE ONLY
SKU# 06632	WHISPERLITE UNIVERSAL COMBO, AVAILABLE IN EUROPE ONLY
MADE IN SEATTLE, USA	

WhisperLite™

The best-selling liquid-fuel stove ever made.

PROVEN Trusted leader for over 20 years.

RELIABLE Simple, durable design.

SELF-CLEANING Shaker Jet cleans fuel jet with a simple shake.

COMPACT Fits in a 1.5-liter MSR pot.

SKU# 11782	AVAILABLE IN NORTH AMERICA & PAC RIM ONLY
MADE IN SEATTLE, USA	

WhisperLite™ International

Legendary, multi-liquid-fuel performance made even better.

LIGHTER Aluminum mixer tube and stainless steel legs reduce trail weight by 10%.

ADDED STABILITY Serrated, stainless steel legs offer excellent stability.

MULTI-FUEL Burns white gas, kerosene, and unleaded gasoline.

PROVEN Based on a design that's been proven worldwide for decades.

EASY MAINTENANCE Extremely easy to swap jets and perform periodic maintenance.

SKU# 06633	AVAILABLE IN NORTH AMERICA & PAC RIM ONLY
SKU# 06634	AVAILABLE IN EUROPE ONLY
SKU# 06635	WHISPERLITE INTERNATIONAL COMBO AVAILABLE IN EUROPE ONLY

MADE IN SEATTLE, USA

SuperFly™ & SuperFly w/ AutoStart™

Our most versatile canister stove.

UNIVERSAL Multi-Mount™ interface fits most domestic and international canisters.

FAST 3-minute boil time.

COMPACT Disperses heat for better cooking performance.

FULL FLAME CONTROL From simmer to boil.

MATCH FREE LIGHTING SuperFly Stove with AutoStart includes push-button igniter.

SKU# 11789	SUPERFLY™ AVAILABLE IN NORTH AMERICA & PAC RIM ONLY
SKU# 11786	SUPERFLY™ WITH AUTOSTART™ AVAILABLE IN NORTH AMERICA & PAC RIM ONLY
SKU# 06642	SUPERFLY™ AVAILABLE IN EUROPE ONLY
SKU# 06641	SUPERFLY™ WITH AUTOSTART™ AVAILABLE IN EUROPE ONLY
MADE IN SEATTLE, USA	

MSR® GOURMET COOKING

Boil-to-simmer flame control and excellent stability with larger pots for group cooking and elaborate meals.

WindPro™ II

Ultra-efficient remote canister stability with excellent cold weather performance.

INVERTED LIQUID-FEED Inverting canister allows stove to run on liquid fuel for increased cold-weather and low-fuel performance.

REMOTE BURNER Added stability for use with large pots and allows the use of a windscreen for maximum efficiency; supports pots up to 10" maximum diameter; compatible with bake ovens.

LIGHTWEIGHT Weighs just 187 g (6.6 oz.)

SKU# 06636	AVAILABLE IN NORTH AMERICA AND PAC RIM ONLY
SKU# 06637	AVAILABLE IN EUROPE ONLY
MADE IN SEATTLE, USA	

Dragonfly®

Unbeatable reliability and versatility for a wide range of meals and group sizes.

UNRIVALED FLAME CONTROL Dual-valve technology allows precision simmer-to-boil control with a simple twist of the flame adjuster.

EXTRA WIDE POT SUPPORTS Easily holds up to 10" diameter MSR® pots or fry pans.

MULTI-FUEL Burns white gas, kerosene, unleaded auto fuel, diesel, and jet fuel.

EFFICIENT Suspended burner cup produces a strong burn while reducing heat lost to the ground

FIELD MAINTAINABLE Shaker Jet™ technology and smart engineering allow complete, easy cleaning and maintenance in the field.

SKU# 11774	AVAILABLE IN NORTH AMERICA AND PAC RIM ONLY
SKU# 06644	AVAILABLE IN EUROPE ONLY
SKU# 11776	DRAGONFLY COMBO AVAILABLE IN EUROPE ONLY
MADE IN SEATTLE, USA	

MSR® Fuel Pumps

The lightest, most reliable pumps on the market.

DURABLE Rugged design, incorporating fiberglass-reinforced polymer, doubles pump strength.

EASY TO USE Innovative valve improves flame control, while seal is easier to maintain.

IMPROVED PERFORMANCE Pumps are compatible with all MSR liquid-fuel stoves, so customers can upgrade their existing equipment.

SKU# 11794	STANDARD
SKU# 11796	DRAGON FLY
MADE IN SEATTLE, USA	

MSR Fuel Bottles

Designed to work with all MSR liquid-fuel stoves.

COOKING

MSR® COOKING

MSR has been making cookware almost as long as we've been making stoves. From proven staples like our stainless steel Alpine™ cookware, to our latest, comprehensive cook and eat systems, we're committed to offering the finest combination of materials, features and function to meet the demands of any camp kitchen and cook.

Materials

We don't compromise on raw materials. We seek the finest balance of light weight and durability for a range of camp kitchens, then apply the best available treatments and coatings for maximum reliability in the field.

Form

When we engineer something, we bring an uncompromising eye to even the smallest details. There are no cheap assemblies or cut corners in our cookware. We know the best customers are loyal ones and nothing creates them, for you and us, like consistently delivering quality.

Function

Our cookware is built to do more than just sell, it's built to cook, and that's what makes ours the best. When we call something a "2-person" cookset, you can be assured it cooks for two—not one person twice. We bring that level of scrutiny to the function of every component, set and system we make.

WHAT'S NEW

New for this year are lightweight insulated mugs, our most compact 2-person cook system to-date, and a host of accessories that add convenience and versatility to the industry's finest cook and eat solutions.

MSR® RAPID COOKING

Our lightest cookware: Ideal for melting snow and boil-only meals for one or two people.

Ultralight, Alpinist cookware is ideal for cooking in remote places where basic meals and/or melting snow are primary demands.

Alpinist™ 2 System **REDESIGNED**

NEW! Insulated Mugs

INCLUDES (1) 2.4L hard-anodized aluminum pot w/ strainer lid, (2) polypropylene DeepDish™ Plates, (1) Talon™ pot handle, (2) Insulated Mugs and room for a third mug or a stove.

SKU# 06595
MADE IN THAILAND

Alpinist 2 Pot

INCLUDES (1) 2.4L hard-anodized aluminum pot w/ strainer lid, (1) Talon™ pot handle.

SKU# 05327
MADE IN THAILAND

Our lightest and smallest aluminum cookware for solo travelers.

Quick™ Solo System **REDESIGNED**

NEW! Insulated Mug

INCLUDES (1) 1.3L hard-anodized aluminum pot w/ strainer lid, (1) Talon™ pot handle and (1) Insulated Mug.

SKU# 06596
MADE IN THAILAND

Quick Solo Pot

INCLUDES (1) 1.3L hard-anodized aluminum pot w/ strainer lid and (1) Talon™ pot handle.

SKU# 05329
MADE IN THAILAND

Ultralight titanium for those who scrutinize every gram.

Titan™ 2 Pot Set

Titanium makes this our lightest 2-pot set.

INCLUDES 1L and 1.5L Titanium pots, (1) lid, (1) LiteLifter™ pot handle and stuff sack.

SKU# 21722
MADE IN THAILAND

Titan Kettle

Versatile enough to be a pot, mug, or bowl, this lightweight kettle is sized for one and holds .85 liters of liquid.

SKU# 321158
MADE IN THAILAND

SIMPLE COOKING

Our most versatile cookware: Ideal for most cooking styles with two or three people.

Trail Lite Duo System **NEW**

The Trail Lite Duo System is perfect for one or two people who need the lightweight, space-saving benefits of a minimalist cookset, yet don't want to be Spartan about what they cook. Hard-anodized nonstick aluminum keeps the menu options open and the compact pot still fits two Insulated Mugs and DeepDish™ Bowls. All of this comes at an aggressive price point to maximize your assortment.

INCLUDES 2.0L Hard-anodized nonstick aluminum pot, clear strainer lid, (2) Insulated Mugs, (2) DeepDish™ Bowls

SKU# 06897

MADE IN THAILAND

Trail Lite Duo Coffee Press **NEW**

The Trail Lite Duo Coffee Press offers go-anywhere portability for the caffeine dependent. It features a stainless steel mesh strainer that saves weight without sacrificing brew quality. The entire kit can be broken down flat for easy packing.

SKU# 06907

MADE IN TAIWAN

Quick 2 cookware combines uncoated and nonstick hard-anodized aluminum pots for a wide range of cooking utility in groups of two or more.

Quick™ 2 **REDESIGNED**

NEW! Insulated Mugs

INCLUDES (1) 1.5L Hard-anodized nonstick aluminum pot, (1) 2.5L hard-anodized aluminum pot w/ strainer lid, (1) Talon pot handle, (2) polypropylene DeepDish™ Plates, (2) Insulated Mugs.

SKU# 06597

MADE IN THAILAND

Quick 2 Pot Set

INCLUDES (1) 1.5L Hard-anodized nonstick aluminum pot, (1) 2.5L hard-anodized aluminum pot w/ strainer lid and (1) Talon™ pot handle.

SHELTER

MSR® SHELTER: LIVABILITY, EFFICIENCY, STRENGTH

Experience™ Series

Get away for an unencumbered outdoor experience with the versatility of one tent that does it all. Experience Series shelters offer full-featured protection and generous living spaces, while still being light and technical enough for trips far into the backcountry.

Essential™ Series

Essential Series shelters are designed for minimalists seeking only the most fundamental protection from the elements. These shelters prioritize light weight above all other specifications, to keep you moving as fast and light as possible through the backcountry.

Explore™ Series

Explore Series shelters are built for pushing the boundaries of human achievement. Far from the comforts of home, these tents deliver the strength and durability necessary to handle the world's harshest environments—all with minimal weight and excellent livability.

MSR® Tent Accessories

We're proud to offer innovative new accessories that will make tent living simpler and more convenient than ever. No matter what tent you're shopping for, MSR® offers the leading accessories to secure, maintain or enhance the outdoor experience.

MSR® TENTS: Engineered for Living

Ever since the MSR Mountain Tent, in 1973, we've been engineering our shelters for livability, not just function. At MSR, we believe tents should be designed to go farther than the sales floor and provide more than just the necessities. That's why we build shelters that are just as functional during a rainy day in camp as they are for a week of bluebird days on the trail. When you use an MSR® tent, it's clear that engineering shapes the experience.

Weather Protection

DuraShield™ coated fabrics protect longer and taped seams offer waterproof shelter when the forecast takes a turn for the worst.

Stay-Dry™ Doors

All MSR tents channel water away from the door for easy entry and exit. Stay-Dry™ doors also allow the door to stay open in the rain, improving ventilation.

Intelligent Vestibules

MSR vestibules are sized to provide storage space that's usable, while keeping the vestibule entrance within reach of the tent door.

Maximum Volume

Vertical walls, spreader poles and optimized pole geometry provide the greatest possible headroom and volume for each tent or shelter, allowing campers to sit and move freely.

Strength

Easton® and DAC poles, high-tenacity fabrics and fabric reinforcements provide strength and durability that remains strong season after season.

Ventilation

Breathable canopies and aligned vents manage airflow and condensation in all weather conditions.

Easy Set Up

Ingenious hub and pole systems, color-coded parts, and easy-to-use clips make MSR shelters effortless to set up.

Room for Every Occupant

MSR® tents provide each occupant with the space for a full-size mattress and convenient interior features that make tent life more enjoyable.

Lightweight Versatility

Most MSR® tents have an optional ultralight setup, and many can be used as minimalist shelters with only the fly and footprint.

Add On Space

Add a Gear Shed™ to a Hubba™, Hubba Hubba™ or Nook™ tent for an easy increase in space that turns a backpacking tent into a front-country base camp.

EXPERIENCE™ SERIES

Double-wall tents that combine generous living space with lightweight backcountry performance.

Carbon Reflex™ 1, 2, & 3

Built on a structural foundation of Easton® Custom Carbon 6.3 poles, these are our lightest double-wall tents offering uncompromised protection and advanced, full-featured livability.

ULTRALIGHT LIVABILITY Maximum interior space with large doors and vestibules.

VERSATILE Two and three-pole designs set up fast and pitch with just fly and footprint for added versatility.

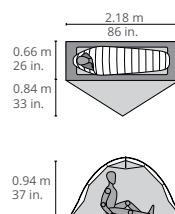

FULLY-FEATURED Taped flies and floors plus internal mesh storage pockets.

ESSENTIAL™ SERIES

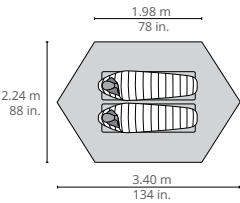

Efficient single-wall shelters designed for minimalists who prioritize reduced weight and packed size.

MSR® SHELTER

E-Wing™: The E-Wing™ shelter defines the minimalist experience.

MORE COVERAGE Easily accommodates two people at just .45 kg (1 lb).
WATERPROOF DuraShield™ coating delivers improved protection and longevity.
VERSATILE Multiple pitch options with A-frame mode providing covered entryways.

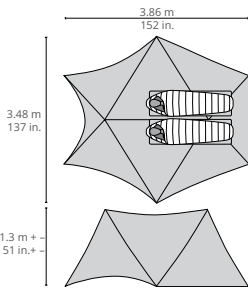

E-WING™		
CAPACITY	2	
MIN. WEIGHT	.45 kg (1 lb)	
FLOOR AREA	6 sq m (65 sq ft)	
INTERIOR PEAK HEIGHT	VARIABLE	
SKU# 05149	E-WING™	IMPORTED

Twing™: Wing-style protection with ample space for 2-3 hikers.

SUPERLIGHT 6.3 sq m (68 sq ft) of space for only .8 kg (1 lb 14 oz)—less than .5 kg (1 lb) per person.
SPACIOUS Plenty of room for 2 plus gear, or use as a group shelter.
VERSATILE PROTECTION Tapered end maximizes protection while open end maintains excellent ventilation.

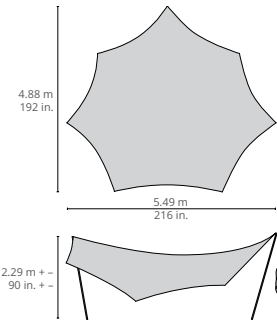

TWING™		
CAPACITY	2 + GEAR	
MIN. WEIGHT	.85 kg (1 lb 14 oz)	
FLOOR AREA	6.3 sq m (68 sq ft)	
INTERIOR PEAK HEIGHT	VARIABLE	
SKU# 12449	TWING™	IMPORTED

Zing™: The lightweight choice for maximum, packable group coverage.

EFFICIENT Double-Tapered aluminum poles and ultralight fabrics create 18.6 sq m (200 sq ft) of coverage at just 2.94 kg (6 lbs 8 oz).
WATERPROOF Now with DuraShield™ waterproof coating and taped seams for added protection.
VERSATILE Large enough to cover a campground picnic table and light enough for group backcountry travel.

ZING™		
CAPACITY	6-12	
MIN. WEIGHT	2.94 kg (6 lbs 8 oz)	
FLOOR AREA	18.6 sq m (200 sq ft)	
INTERIOR PEAK HEIGHT	VARIABLE	
SKU# 05148	ZING™	IMPORTED

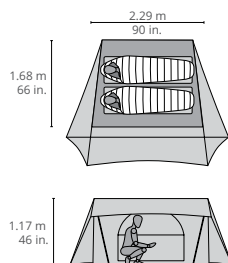

Fast Stash™: Exceptional versatility and protection for two people plus gear.

VENTILATION Vented door plus broad side vents with wings that can be closed, partially opened or pulled back completely for maximum air flow.

EASY SET UP Pitches quickly with included poles or trekking poles for added weight efficiency.

STASHABLE Simply pull poles out during the day to collapse and protect your gear; re-pitch by just reinserting poles when you return.

FAST STASH™		
CAPACITY	2 + GEAR	
MIN. WEIGHT	1.3 kg (2 lbs 14 oz)*	
*WEIGHT WITHOUT INCLUDED POLES (BODY ONLY)		
FLOOR AREA	3.4 sq m (36.5 sq ft)	
INTERIOR PEAK HEIGHT	117 cm (46 in)	
LIVABLE VOLUME	2322 L (82 cu ft)	
SKU# 05153	FAST STASH™	IMPORTED
SKU# 05169	FOOTPRINT	IMPORTED

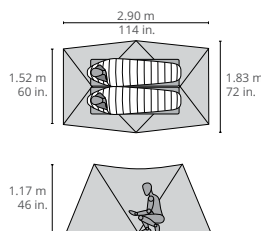

Twin Sisters™: The perfect all-weather shelter for two.

TWO DOORS Rear door makes access twice as easy and increases ventilation.

FULL PROTECTION Steep roof, snow flaps and DuraShield™ coatings help seal out the elements.

EASY-PITCH: Pitches quickly with included poles or with trekking poles for added efficiency.

TWIN SISTERS™		
CAPACITY	2	
MIN. WEIGHT	.94 kg (2 lbs 1 oz)*	
*WEIGHT WITHOUT INCLUDED POLES (BODY ONLY)		
FLOOR AREA	4.1 sq m (45 sq ft)	
INTERIOR PEAK HEIGHT	117 cm (46 in)	
LIVABLE VOLUME	2888 L (102 cu ft)	
SKU# 05146	TWIN SISTERS™	IMPORTED
SKU# 05166	FOOTPRINT	IMPORTED

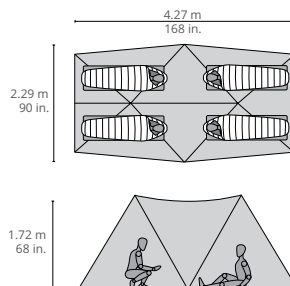

Twin Brothers™: The Twin Sisters' big brother, providing protection for a group of up to six.

HUGE SPACE 1.7 m (68 in.) peak height, large door and peak vent provide superior access and livability.

FULL-PROTECTION Steep roof, snow flaps, optional floor and DuraShield™ coating help seal out the elements.

INCLUDES POLES Aluminum poles provide sturdy and reliable support.

TWIN BROTHERS™		
CAPACITY	4-6	
MIN. WEIGHT	2.2 kg (4 lbs 14 oz)	
FLOOR AREA	8.9 sq m (96 sq ft)	
INTERIOR PEAK HEIGHT	172 cm (68 in)	
LIVABLE VOLUME	6824 L (241 cu ft)	
SKU# 05147	TWIN BROTHERS™	IMPORTED
SKU# 05167	FOOTPRINT	IMPORTED

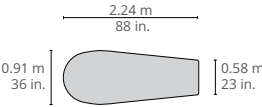

E-Bivy™: Our lightest and most compact weather-resistant bivy.

VERSATILE SilNylon top and DuraShield™-coated bottom protect from dew and frost while providing warmth.

COMPACT Weighs just .25 kg (9 oz); packs ultra-small.

E-BIVY™		
CAPACITY	1	
MIN. WEIGHT	.25 kg (9 oz)	
SKU# 05150	E-BIVY™	IMPORTED

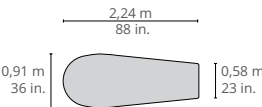

AC-Bivy™: One of the lightest bivies on the market offering all-condition protection.

ULTRALIGHT Full protection for minimalists at just .45 g (1 lb.).

WATERPROOF Two-layer, waterproof/breathable top with DuraShield™—coated floor.

ALL-CONDITION PROTECTION Zippered mesh closure allows maximum ventilation while maintaining bug protection.

AC-BIVY™		
CAPACITY	1	
MIN. WEIGHT	.45 kg (1 lb)	
SKU# 05151	AC-BIVY™	IMPORTED

© VERTIZON

EXPLORE™ SERIES

Proven mountain tents engineered to perform in some of the world's harshest environments.

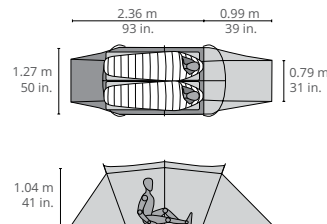

Dragontail™: Our lightest all-condition tent with uncompromised single-wall protection for two.

ULTRALIGHT Strong, hooped design affords full protection at less than 2.3 kg (5 lbs).

IMPROVED PROTECTION Zippered seal on overhead ventilation tunnel seals out spindrift and pole clips ease set up.

STREAMLINED PROFILE Peaked center helps shed rain and snow and smaller floorplan increases pitching options.

DURASHIELD™ COATING Our most durable waterproof coating, offering superior resistance to moisture induced breakdown.

DRAGONTAIL™

CAPACITY	2
MIN. WEIGHT	2.14 kg (4 lbs 12 oz)
FLOOR + VESTIBULE	2.7+93 sq m (29+10 sq ft)
INTERIOR PEAK HEIGHT	104 cm (41 in)
LIVABLE VOLUME	2465+396 L (87+14 cu ft)

SKU# 05133	DRAGONTAIL™	IMPORTED
SKU# 05156	FOOTPRINT	IMPORTED

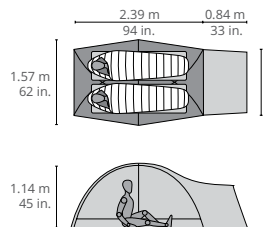

Fury™: Our lightest, extreme-condition double-wall; ideal for pitching with limited space.

POLE CLIPS Strong and easy to set up in winds, color-coded clips work with window and fly vents to add ventilation between rain fly and canopy.

COMPACT Full protection for two with a floorplan that can fit nearly anywhere.

AMPLE SPACE Front vestibule allows maximum use of interior spaces.

DURASHIELD™ COATING Our most durable waterproof coating, offering superior resistance to moisture induced breakdown.

FURY™

CAPACITY	2
MIN. WEIGHT	2.78 kg (6 lbs 2 oz)
FLOOR + VESTIBULE	3.3+8 sq m (36+9 sq ft)
INTERIOR PEAK HEIGHT	114 cm (45 in)
LIVABLE VOLUME	2152+510 L (76+18 cu ft)

SKU# 05132	FURY™	IMPORTED
SKU# 05155	FOOTPRINT	IMPORTED

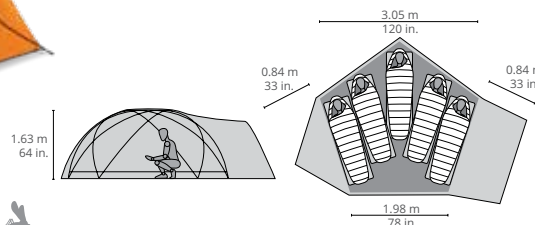

Stormking™: A basecamp fortress for 5-6 people plus gear.

POLE CLIPS Stronger and easier to set up in winds, pole clips add ventilation between rain fly and canopy.

EASY SET UP Equal length poles and color-coded clips demystify large tent set up.

HUGE STORAGE Massive front vestibule, small side vestibule and two doors allow access to gear in any weather.

DURASHIELD™ COATING Our most durable waterproof coating, offering superior resistance to moisture induced breakdown.

STORMKING™

CAPACITY	5
MIN. WEIGHT	5.58 kg (12 lbs 5 oz)

TENT & SHELTER ACCESSORIES

The MSR® Tent & Shelter Accessories program provides outdoor adventurers with a complete set of solutions to maintain, enhance and secure any tent. For retailers, our program offers a well-merchandised, easy-to-shop unit that makes a profitable addition to any retail environment.

Carbon-Core™ Tent Stakes

- Lightest full-strength tent stakes on the market – under 6 grams.
- Carbon fiber core with aluminum skin is stiff, light and strong.
- Aluminum tip delivers lasting durability.
- 5.75 g, 15 cm (6")

SKU# 06618	KIT (4 STAKES)
MADE IN USA	

Cyclone™ Tent Stakes

- Offers solid anchor points in soft ground.
- Ideal for securing large tarps and Wings.
- 35 g, 25 cm (10")

SKU# 06620	KIT (4 STAKES)
SKU# 06896 NEW	BULK
MADE IN KOREA	

Groundhog™ Tent Stakes

- Y-beam design penetrates and holds.
- 7000-series aluminum is light and strong.
- 16 g, 19 cm (7.5")

SKU# 06619	KIT (8 STAKES)
SKU# 312054	BULK
MADE IN CHINA	

MiniGroundhog™ Tent Stakes **NEW KIT**

- Lighter version of our popular Groundhog™ stake.
- Y-beam design penetrates and holds in firm soil.
- 7000-series aluminum is light and strong.
- Pull cord for easy removal.
- 10 g, 15 cm (6")

SKU# 06893 NEW	KIT (6 STAKES)
SKU# 06621	BULK
MADE IN KOREA	

Blizzard Tent Stakes

- Broad surface for sand and snow.
- 9.5" (24 cm), 23 g

SKU# 312051	BULK
MADE IN CHINA	

CamRing™ Cord Tensioners

- Ring design locks securely and adjusts easily on cords from 1.5 mm to 3 mm.

SKU# 06617	4 CamRings
MADE IN KOREA	

Reflective Utility Cord Kit

- 4 CamRing™ Cord Tensioners.
- 15 m (49.2 ft) of highly reflective 3mm nylon cord.
- Ideal for hanging food and guying tarps.
- Highly visible cord minimizes tripping, aids in locating gear.

SKU# 06616
MADE IN CHINA

Ultralight Utility Cord Kit

- 4 CamRing™ Cord Tensioners.
- 15 m (49.2 ft) 1.8 mm nylon cord.
- Ideal for hanging food and guying tarps.

SKU# 06615
MADE IN CHINA

Fabric Repair Kit

- Quick, easy and permanent fabric repair in the field.
- (2) mesh and (4) clear patches repair most tent materials.

SKU# 06601
MADE IN SEATTLE, USA

Pole Repair Kit

- Quick, adjustable splint for temporary field repairs.
- Repairs tent poles from 7 mm-20 mm in diameter.

SKU# 06602
MADE IN USA OF FOREIGN & DOMESTIC PARTS.

Shelter Wash & Restore

- Washes away abrasive dirt & debris.
- Reduces odors caused by mildew & extended use.
- Restores water-repellency.
- Safe for all MSR® tent fabrics.

SKU# 06600
MADE IN UK

Mesh Tent Storage Duffel

- Long-term storage for tents and tarps.
- Breathable mesh top helps prevent moisture damage.
- Design minimizes stress on fabrics, seams and zippers.

SKU# 06603
MADE IN CHINA

ACCESSORIES

Adjustable Poles

- Ideal for custom set-up of MSR® tarp and Wing shelters.
- Stable, adjustable pole can be used with any shelter.
- 2.4 m (8 ft.) Adjusts from 208-259 cm (82-102 in.).
- 1.5 m (5 ft.) Adjusts from 130-152 cm (51-60 in.).
- Aircraft-grade aluminum is light and reliable.

SKU# 06607	8 ft
SKU# 06608	5 ft
MADE IN KOREA	

Reflective Guy Line Markers

- Offers added visibility, day or night.
- Hook and loop strap attaches easily to tent or guy lines.

SKU# 06613	4 MARKERS
MADE IN CHINA	

Dry Line Kit

- Adjustable, reflective clothes line.
- Tensioners and hooks for quick and easy set up.
- Light and compact design.
- Kit contains 12' of line with 5 hooks and CamRing™ tensioner.

SKU# 06614	
MADE IN CHINA	

LED Tent Lights

- Convenient, lightweight nightlight for any tent.
- Magnets attach to tent fabric and slide anywhere on panel.
- LED bulb produces 6 Lumens, batteries last 10 hours.
- Offers high, low, strobe, signal and storage modes.
- Red LED light does not disturb vision at night.

SKU# 06610	WHITE LIGHT (BLACK CASE)
SKU# 06609	RED LIGHT (RED CASE)
MADE IN CHINA	

Dew Rag

- Premium PackTowl® fabric dries tent walls or floor.
- Absorbs condensation or spills, dries rapidly.
- Use alone or as a sponge in mesh storage sack.

SKU# 06606	
MADE IN SEATTLE, USA	

Universal Gear Loft

- Space-saving overhead gear storage with zippered pocket.
- Adjusts to fit nearly any tent.
- Mesh construction is light and compact.

SKU# 06611	
MADE IN CHINA	

Universal Zipper Pulls

- Reflective, lightweight upgrades for any zipper.
- Replaces metal zipper pulls with a light, quiet alternative.
- Easy to use with gloves or mittens.

SKU# 06604	6 PULLS
MADE IN CHINA	

Night Glow Zipper Pulls NEW

- Find your zipper easily in the dark.
- Replaces metal zipper pulls with lightweight plastic.
- Easy to use with gloves or mittens.

SKU# 06894	4 PULLS
MADE IN CHINA	

Shock Cord Replacement Kit

- Everything needed for fast and easy shock cord replacement.
- Replacement materials are a high-performance upgrade.
- Silicone core outlasts rubber, remains elastic to -40°F/C.
- Kit contains 9.1 m (30 ft.) cord, retainer and instructions.

SKU# 06605	
MADE IN KOREA	

TightLine Cord Tensioner NEW

- Maintains fabric tension through temperature & humidity changes.
- Reduces the effect of gusts and unexpected bumps.
- Silicone shock absorber with durable nylon webbing.
- Reflective pattern increases visibility.
- Functions in temperatures as cold as -35 Fahrenheit.

SKU# 06895	2 TENSIONERS
MADE IN SEATTLE, USA

TENT TECH

Nylon

There are three types of nylons used in MSR tents. Nylon 66 offers the greatest strength and resistance to UV damage. Nylon 6 offers the second best performance, followed by nylon.

Ripstop

This reinforcing technique makes nylon fabrics stronger and more resistant to tears. Thicker threads woven into a fabric at regular intervals reinforce the lighter threads. These heavier threads create a high strength-to-weight ratio and prevent small tears from spreading.

Thread Count

Standard measurement of the number of vertical and horizontal threads per square inch of fabric. Thread count also helps determine the relative durability of a fabric.

Denier

The mass of one fiber in a fabric, measured in grams per 9,000 meters. This measurement can be used to extrapolate the weight, thickness and physical characteristics of a fabric.

DuraShield™

Most tents use a polyurethane coating for waterproof protection. Polyurethane provides excellent waterproof performance, but is susceptible to long-term moisture damage. MSR's DuraShield™ is specifically formulated for waterproof performance and long life. MSR tests show DuraShield™ coatings last twice as long as standard polyurethane coatings.

Silicone

Silicone durable water repellant coatings offer the best lightweight performance. Silicone coatings prevent the fabric from absorbing water.

Breathable Laminate

A 2-layer waterproof membrane that allows vapor to pass through. This breathable membrane is laminated for strength and durability.

Water Column

Standard measurement of a fabric's waterproof performance. The rating normally found on tent specs refers to the amount of water pressure a fabric can withstand before waterproof performance is compromised. The number reflects the height of a column of water on top of the fabric, measured in millimeters.

Minimum Weight - ASTM standard F 1934-98

The combined weight of the tent body, tent fly (if applicable), and tent poles.

Packaged Weight - ASTM standard F 1934-98

The weight of the tent package at retail, including the tent body, fly, and poles, as well as any other items that may be included, such as tent stakes, seam sealers, guy lines, instructions, stuff sack, etc.

Interior Peak Height - ASTM standard F 1935-01

The usable headroom of a tent, as measured from the floor to the high point of the ceiling with a simple fixture that simulates an average user's head.

Livable Volume

Measurement of the total interior space of a tent. MSR tents use steep walls and broad ceilings to create as much livable space as possible for each footprint.

Fly and Footprint Setup

A tent pitching option using only the rain fly, poles and footprint. This minimalist setup allows MSR tents to perform as ultra light summer shelters as well as 3-season tents.

Stay-Dry™ Door

An MSR design feature that channels water away from the entrance of the tent and prevents drips from falling inside the main body of the tent. Stay-Dry™ doors can be left open in the rain without allowing water into the interior, allowing better ventilation and reduced condensation.

WATER

TRUST THE SOURCE

Safe, clean water is an essential part of any journey. That's why we're committed to delivering it by remaining at the forefront of research. We stay there by taking advantage of an in-house microbiology lab that works tirelessly to develop cutting-edge solutions for governments, relief agencies and people in developing nations world-wide. Continually adapting these technologies to the outdoor market, we remain your best source for the most comprehensive and trusted treatment, storage, and delivery options available today.

FAST & LIGHT® SERIES

Our lightest and most compact hydration and filtration solutions for any adventure—from ultralight backpacking to high mileage journeys and day trips.

HyperFlow™ Microfilter

Our lightest, fastest and most compact pump microfilter.

SUPER-FAST Pumps up to 3 liters per minute.

ULTRALIGHT At just 221 g (7.8 oz.), it's our lightest, most compact pump filter.

FIELD MAINTAINABLE Can be cleaned repeatedly for flow recovery; no tools required for complete disassembly.

ADAPTABLE Newly improved Quick-Connect Cap is easier to open and close; connects filter directly to Alpine™ Bottles, Dromedary® and DromLite™ bags, Hydromedary™ hydration systems and other, standard wide-mouth bottles.

TREKKING POLES

PHOTOS BY: DAVID PEARSON

MSR® TREKKING POLES

Our trekking poles, with exclusive SureLock™ technology, are engineered to address the three highest priorities of your customers: ease of use, quick, fail-safe adjustment, and superior durability and strength. This season's updates focus on comfort and trekking performance, offering ergonomic grips, along with improved straps and trekking-specific accessories. Together with the easiest and most reliable adjustment system available, they bring you the opportunity to offer exactly what your customers are looking for.

SureLock™ Reliability

ZERO-SLIP, PUSH-BUTTON LOCKING SYSTEM.

Our indexed positive-locking system is intuitive, fast and absolutely secure. By interlocking the pole segments, indexing provides confident adjustment secured with a smooth, rolling lock pin. Non-rotating tri-lobe shafts guarantee precise and reliable alignment.

Trigger Release

ONE-HANDED LENGTH ADJUSTMENT FROM THE GRIP.

By far the easiest pole-adjustment mechanism on the market, the patent-pending Trigger Release allows one-handed adjustment from the grip—changing the way consumers interact with their poles and the terrain around them.

Efficient Strength

OPTIMIZED SWING WEIGHT AND MATERIALS.

By housing the adjustment technology in the upper shaft, the lower sections remain lightweight and bulk-free. This high center of gravity creates a pole that swings smoothly with just the slightest effort; and a 7000-series aluminum construction adds rugged durability, mile after mile.

SureLock™ TR-3: Compact, UPDATED Three-Section Trekking Pole

Our best-selling SureLock pole delivers rock-solid performance for aggressive backcountry travelers demanding ultimate compactness and quick adjustment for frequently changing terrain.

FEATURES

- Maximum Compactness
- One-handed Trigger Release Adjustment
- Zero-slip, SureLock Reliability
- Ergonomic, Injection-Molded Cork Grip
- Trekking Basket

NEW FEATURES

ERGONOMIC GRIPS

Ultralight, contoured grips are made of injection-molded cork on the TR series and smooth foam on the UL series, maximizing comfort—and minimizing hand fatigue—in the backcountry.

QUICK-ADJUSTMENT STRAPS

Our strap re-design affords next-to-skin comfort and faster, easier adjustment.

STREAMLINED FORM

New discrete ferrules create smoother section junctions to shed bulk and create an incredibly lightweight, sleek pole.

SNOWSHOES

MSR® SNOWSHOES

Delivering the ultimate performance in a rapidly growing sport, MSR snowshoes have the potential to bring the winter experience to virtually everyone who walks through your doors. Our unbeatable versatility, durability and traction create an exclusive benefit to your customers: the confidence of knowing that no matter where or how they snowshoe, only MSR delivers the performance and versatility for all of winter in every pair of snowshoes we build.

Modular Flotation

Exclusive, customizable flotation matches conditions on-demand, expanding the useable range of our snowshoes far beyond any other.

All-Condition Traction

Unbeatable, edge-to-edge security with tubeless Unibody™ and 360° Traction™ frames employed throughout our line.

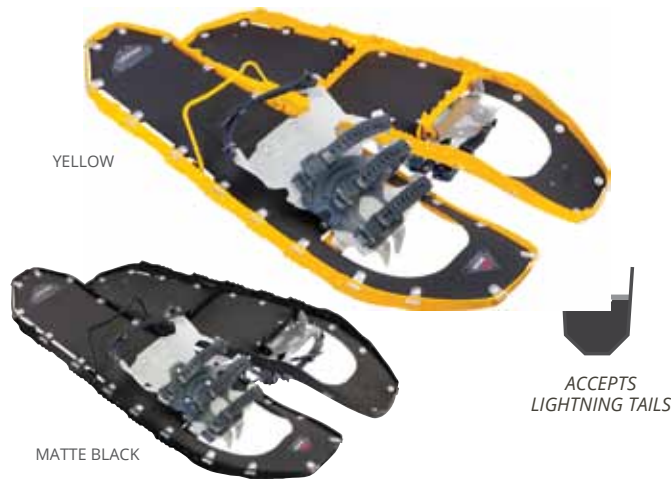

Ergonomic Efficiency

Ergonomic engineering, intuitive design and rugged reliability keep the challenges on the trail—not in the snowshoe.

ASCENT SERIES

Our most aggressive snowshoes, for travelling from point A to point B, regardless of what lies between.

Lightning™ Ascent: The pinnacle of lightweight all-terrain performance.

Our most aggressive snowshoes are now even more durable, thanks to new Torsion2™ crampons. Split teeth better distribute forces on rugged terrain, and their independent flexibility boosts traction by maintaining more continuous contact with the snow surface, adding to the already unmatched Lightning performance on traverses and hard-packed snow.

- **NEW!** Torsion2 Crampons
- PosiLock™ AT Bindings
- 360° Traction™ Frame
- Ergo™ Televator

MSR® SNOW TOOLS

Take a look at the original Mountain Safety Research newsletters of 1969 and the early 1970s, and you'll find our original forays into winter tools: tubular pickets, the legendary Thunderbird ice axe, and even an ice screw with the now ubiquitous "coffee grinder" handle. This stuff is in our DNA, and engineering safer, more reliable climbing gear is the very reason MSR was founded. That's why we're excited to come full circle, with a renewed focus on opportunities to combine contemporary MSR technology and engineering with our rich heritage of making the mountains a safer place to be.

MSR® Snow Picket

The MSR Snow Picket is the most widely used and trusted piece of snow protection made. Our updated design boosts durability and ease-of-placement, providing fast and reliable snow protection when it counts.

STRONG Aircraft-grade aluminum T-beam offers maximum strength with minimal weight.

DURABLE Reinforced hammer-end reduces deformation.

EFFICIENT Tapered drive-end penetrates easily.

VERSATILE Multiple, beveled attachment points allow vertical and horizontal placement.

VISUAL CUES Red highlights on drive end and middle clip-in point

SIZE	WEIGHT	SKU#
90 cm	578 g (20 oz)	06862
60 cm	387 g (14 oz)	06861

MADE IN SEATTLE, USA

MSR® Snow Fluke

The MSR Snow Fluke is the lightest snow fluke available. Our patent-pending design utilizes a frame-and-deck combination to reduce weight without compromising holding power.

ULTRALIGHT Patent-pending design creates the lightest snow fluke available.

RELIABLE Tough, urethane-coated nylon decking maintains surface area and holding power.

STRONG Waterjet-cut, 7000-series aluminum frame with corrosion-resistant galvanized steel cable.

SIZE	WEIGHT	SKU#
SMALL	200 g (7 oz)	06863
LARGE	253 g (9 oz)	06864
